

GRAVE TENDING SCHEME

If you are unable to care for the grave of a loved one, or cannot give it the attention you would wish, we can do it for you.

£40 per year will acquire the personal attention of a respectful and dedicated member of our group who will be responsible for the general upkeep of your loved ones resting place. Monthly clearing of leaves, brash, old flowers and cleaning of the headstone, kerbstones and flower containers will keep the grave as tidy as you would wish and give you peace of mind.

Anniversary flowers and commemorative wreaths can be supplied and placed by arrangement.

All monies received will be put towards purchasing plants and shrubs to further enhance the cemetery.
