127. COMMITTEE REPORTS

A. Warrington Borough Councillor – Cllr. McCarthy

Councillor McCarthy provided updates on the following issues and concerns.

- The street light at The Weint has been replaced, and currently awaiting the removal of the old lighting column. The Parish Clerk informed the councillors that this has been reported to WBC, who will chase up the sub-contractor responsible next week.
- New signage will be provided eliminating the Rinewood information.
- The hedgerows at the top end of both Chapel Lane and Moat Lane had been cut back.
- A new waste bin has been installed by the post office on Glazebrook Lane.
- Dam Head Lane – waiting restriction. The request for this work was with the Legal service officers and notice of the intended restrictions should be published March/April 2019.
- Action was continuing on the removal of the flagpoles outside Glazebrook camp. An issue had emerged regarding the ownership of the land and this was delaying action, ongoing discussions with legal/ highways/ WBC. In addition, tyres on the site are also causing hazards.

In respect of the litter bin requested for Chapel Lane, adjacent to the layby, it was previously suggested that this may be provided by the Borough

Council. Councillor McCarthy confirmed that a new bin would need to be funded by the Parish Council.

Action: Councillor McCarthy to pursue the matter with WBC to request a feasibility study of the location, and funding costs.

The following matters be reported to Councillor McCarthy:

1. Flooding at the A57 Manchester Road/Glazebrook Lane had recently covered both lanes and was considered to be extremely dangerous.

Continuing danger. A jet-wash of the area has recently been completed.

2. A damaged bin on the village green (to the rear of the Red Lion) has had its top canopy broken and is not able to hold the refuse sack securely, causing spilt waste.

3. Need for maintenance to the Borough Council's area of the recreation ground including cutting back of bushes. Concern regarding the use of this area previously reported to the Borough Council and the police, concerns of ASB and drug/alcohol use.

4. Railway bridge to Culcheth. Branches overhanging and ivy growing the footpath causing hazard to pedestrians, especially during the dark.

Members queried who the responsible owner for maintenance of the footpath was.

5 The Glazebrook Village Green boundary has recently been treated with weed-killer treatment, could this be extended in the neighbouring path area to avoid further encroachment.

C. Community Hall – Meeting Monday 25th March. Attended by Councillor Clarke. The date for the start of the refurbishment has been put back to August 2020. D. Community Plan Group – Group Meeting Monday 15th April. Attended by Councillor Clarke. The group have been in contact with Warrington Borough Council (WBC) regarding the width of the pavements between Rixton and Woolston, in some places the pavements are only about 18" wide. Highway maintenance are looking into this problem, but have not

got back yet. The Community Plan Group (CPG) are looking into using Community Payback to clean up some of the pavements in the local area. The Garden Safari is 8th June, Mandy Eccles is looking for at least 8 gardens. The CPG have spoken to Warrington Borough Council (WBC) regarding draining and putting a path around the Village Green. WBC are fine with this but they haven't got the resources, funding would have to be raised by the CPG. A preliminary meeting to be arranged between the CPG, WBC and the Parish Council. The sign cleaning date has been arranged for 1st June, insurance and risk assessment is being arranged for this project. Logistics are being looked into.
